

18TH INTERNATIONAL CONFERENCE ON SUSTAINABLE ENERGY TECHNOLOGIES

Sustainable Energy Towards New Revolution

CALL FOR PAPERS

Contributions are invited on the topics within the conference scope of sustainable energy technologies.

All contributions should be of high quality, original and not published elsewhere or submitted for publication during the review period. All accepted papers will be presented orally or by poster, and included in the conference proceedings. Selected papers will be published in several international journals including our partner journals.

Energy Technologies & Renewables

Energy Storage & Conversion

Low Carbon Buildings & Sustainable Cities

Policies & Management

SET 2019, hosted by the Universiti Sains Malaysia (USM), is a multi-disciplinary, peer-reviewed international conference on sustainable energy sources and technologies that provides a forum for the exchange of latest technical information, the dissemination of the high-quality research results, the presentation of the new developments in the area, and the debate and shaping of future directions and priorities for sustainable development and energy security.
